Mr. Nathan Bassin  
Radioisotopes Licensing Branch  
Division of Fuel Cycle and Material Safety  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

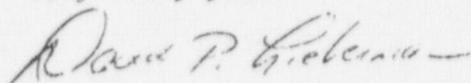

Dear Mr. Bassin:

In response to your letter we have compiled the information necessary to provide a report of distribution under license No. Q4-17679- 01E:

<u>Identification of product</u>	<u>Total Quantity of Radionuclide</u>	<u>Number of Units</u>
41001	65.92 ci	412
41013	219.84 ci	1374

We apologize for the delay in preparing this report and assure you that in the future this report will be prepared and submitted on time as required by the N.C.R. regulations.

Very truly yours

David P. Lieberman  
Treasurer
