

NOTICE OF VIOLATION

Redondo Construction Corporation
San Juan, Puerto Rico

Docket No. 030-29105
License No. 52-24834-01

During an NRC inspection conducted on February 27, 1997, violations of NRC requirements were identified. In accordance with the "General Statement of Policy and Procedures for NRC Enforcement Actions," 10 CFR Part 2, Appendix C, the violations are listed below:

- A. License Condition 14(a)(1) requires that leak tests be performed at intervals not be exceed 12 months for sealed sources in possession of the license.

Contrary to the above, sealed sources in possession of the licensee were not tested for leakage during calendar year 1992, 1993, and 1996.

This is a Severity Level IV violation (Supplement VI).

- B. License Condition 16 requires, in part, that a physical inventory for all sources possessed under the license be performed every six months and that a record of inventories be maintained for two years from the date of each inventory.

Contrary to the above, inventories have not been performed, nor any record maintained for at least two years.

This is a Severity Level IV violation (Supplement VI).

Pursuant to the provisions of 10 CFR 2.201, Redondo Construction Corporation is hereby required to submit a written statement or explanation to the U.S. Nuclear Regulatory Commission, ATTN: Document Control Desk, Washington, D.C. 20555, with a copy to the Regional Administrator, Region II, within 30 days of the date of the letter transmitting this Notice of Violation (Notice). This reply should be clearly marked as a "Reply to a Notice of Violation" and should include for each violation: (1) the reason for the violation, or, if contested, the basis for disputing the violation, (2) the corrective steps that have been taken and the results achieved, (3) the corrective steps that will be taken to avoid further violations, and (4) the date when full compliance will be achieved. Your response may reference or include previously docketed correspondence, if the correspondence adequately addresses the required response. If an adequate reply is not received within the time specified in this Notice, an order or a Demand for Information may be issued as to why the license should not be modified, suspended, or revoked, or why such other action as may be proper should not be taken. Where good cause is shown, consideration will be given to extending the response time.

Dated at Atlanta, Georgia
this 7th day of March, 1997
