Dear Mr. Ford:

This is in further response to your letter dated April 10, 1978, in which you requested, pursuant to the Freedom of Information Act, records responding to certain references in a memorandum dated September 20, 1972, written by Dr. S. H. Hanauer which relates to the subject of "Pressure-Suppression Containments".

As stated in our letter to you dated June 15, 1978, we asked the General Electric Company to justify its proprietary claim concerning the documents listed in Appendix B to our letter. The staff has completed its review of the information submitted by General Electric, and portions of documents 1 and 2 of Appendix B continue to be withheld pursuant to exemption (4) of the Freedom of Information Act and 10 CFR 9.5(a)(4) of the Commission's regulations. The non-proprietary portions of documents 1 and 2 have been placed in the Public Document Room (PDR). Document 3 of Appendix B was released to the Public Document Room (PDR) on August 29, 1978.

Sincerely,
