Dear Ms. Jackson:

CONTROL NUMBER 251618

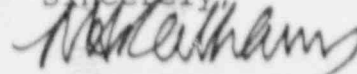

Please find enclosed a check for \$120 to cover our amendment fee, a letter from Dr. Dean Broga regarding the training of Dr. Miller and myself, and a new diagram for our facility. At the time of application we were not sure as to whether or not I would be able to participate in the training program. As is indicated in the enclosed letter, I was able to participate in the training program and I would like to be listed as an authorized user on our license.

As you are aware, Dr. Miller is no longer with our group. It is therefore no longer appropriate to be list him as a user on our license.

Just prior to delivery of our bone densitometer, it was determined that the unit would fit into a smaller area just down the hall from the location specified in our application. Since this would provide more space for other office use, we decided to locate the unit in this area. Enclosed is a diagram for the present area.

If you have any questions regarding this letter please contact the undersigned at (804) 285-7802.

Sincerely,

Nathan Rabhan, M.D.
