- (4) TU Electric Letter TXX-6789 from W. G. Counsil to NRC
dated September 30, 1987

Gentlemen:

Reference (4) provided an update to a portion of our response to EA 86-09, Appendix B, Item I.B.5, in which it was stated that the Environmental Qualification (EQ) Verification Program for Unit 1 would be completed by March 1, 1988. The majority of this program has been completed. The remainder has been incorporated into our Post Construction Hardware Validation Program. Accordingly, the date for completion of the Unit 1 EQ Verification Program is hereby revised to be no later than August 11, 1988.

Very truly yours,

W. G. Counsil
