Gentlemen:

Pursuant to section 2.790 of Part 2 of Title 10 of the Code of Federal Regulations, we hereby request that the information contained in section 2 and section 3, along with all submitted drawings and appendices, of the attached application for radiation safety evaluation and registration of our Lab-X 1000 device, dated April 2, 1987, be held in confidence and withheld from public disclosure.

We declare that this type of detailed product information is a trade secret and is customarily held in confidence by our company and is not available to the public from any other source. Public disclosure of this technical information could seriously affect our standing in a highly competitive market and would present our competitors with an unfair advantage.

Thank you for your consideration.
