FREEDOM OF INFORMATION  
ACT REQUEST

FOIA-78-329

Rec'd 11-22-78

Dear Sir:

Under the Freedom of Information Act, I request copies of correspondence, memoranda and reports from the Commission staff, Newport News Industrial Corp., Energy, Inc. and Niagara Mohawk Power Corp. relating the proposed radwaste incinerator that was the subject of my previous FOIA request (78 A 23). Of course, I'm not asking for the material you already sent me.

Please also send me correspondence on the incinerator from other individuals and agencies, including the New York State Department of Environmental Conservation, New York State Energy Office, and the Environmental Protection Agency.

The generic topical report on the incinerator, EI/NNI-77-7, has been referenced by Niagara Mohawk in its application to operate the facility. I suggest that if you have a file on the topical report, you begin adding that material to the Nine Mile Unit 1 docket. In that way, material on the incinerator would be sent to the Public Document Room in Oswego and thus be made available to interested residents. This action might also reduce the number of FOIA requests on the incinerator.

Sincerely

*Sue Reinert*
