Dear Mr. Glenn:

Attached is a copy of our materials license, signed by you, for use of the beta-radiography (Carbon-14) plate in our laboratory. A few personnel changes have been made however, and need to be changed on the license. Patricia Harpring and Antoinette Dwan are no longer working in our laboratory and can be taken off the license. Rachel Danzing and Sarah Bertalan will be working with the plate and can be added. I would appreciate it if you could make these changes.

Sincerely yours,

Nancy Ash
