Gentlemen:

Subject: Docket No. 50-206  
Systematic Evaluation Program  
San Onofre Nuclear Generating Station, Unit 1

My letter to you of November 22, 1978 indicated that the equipment environmental qualification tables forwarded by your September 6, 1978 letter would be completed and submitted to you by December 18, 1978. The completion of those tables has been delayed in order to support NRC scheduler requirements on other projects including the San Onofre Unit 1 Physical Security and Fire Protection Programs.

We now estimate that the tables will be completed and forwarded to you no later than January 22, 1979. If you have any questions concerning this matter, please let me know.

Very truly yours,

J. G. Haynes  
Chief of Nuclear Engineering
