10 Aug 1978

Dear Mr. Felton

First, let me thank-you for supplying me with so much usefull information, and I hope to continue to be able to relie on your office for the facts.

I am writing this letter to also request a copy of the Commission's Memorandum dated 10 Aug 1978 concerning the decision to immediately lift the construction ban at the Seabrook site of a planned nuclear reactor(s). This request is made pursuant to the Freedom of Information Act.

Let me again thank-you for releasing so much pertinent information to the general public. This is making it possible for all of us to participate in the decisions that effect our lives on such an important issue.

How we generate energy, how much we are going to depend on others for our energy, and what are the most cost-effective solutions to our energy problems are, to name a few, issues which much be solved by a knowledgeable nation. I thank-you again, for doing your part

Have a nice day,
Radnor Johnson
