EMERGENCY PREPAREDNESS "GO HOME" AND "STAY IN SCHOOL" PLAN

An EMERGENCY PREPAREDNESS "GO HOME" PLAN pertains to any emergency that necessitate the evacuation of the district's schools.

- 1) Immediately upon receiving the official "Go Home" signal, the Superintendent of Mt. Sinai Schools, or his designee, will cause the following plan to be put into effect:
 - A. Immediately contact the Bus Company that a "Go Home" is in effect. The Bus Company Dispatcher will then contact all bus drivers.
Bus Dispatcher: Denise Griffen ~ 928-2889.
 - B. Notify Building Principals of the "Go Home".
- 2) Simultaneously the Principals will:
 - A. Alert all teachers.
 - B. Immediate announce that emergency dismissals will commence and give the dismissal time and reason for dismissal. All students will leave according to announced bus schedules.
 - C. All school personnel will aid in administering orderly dismissals.
- 3) Teachers are to:
 - A. Check their attendance registers to make certain all students in attendance on that day have in fact left the building.
 - B. "Check Out" with the appropriate administrator. They are expected to serve until officially released by their administrator.
- 4) Custodians and All Other Non-Teaching Personnel:
 - A. Will be assigned duties for assisting in the protection of all. They are expected to serve for as long as the emergency lasts.

W/101907

5) The School Nurse:

- A. Will be in charge of medical supplies and provide such medical care as is possible under the circumstances for as long as students are in attendance.

The entire emergency situation will be under the direct supervision of the designated personnel. Under ordinary circumstances, this would mean the building principals and assistants.

The building principals will work out emergency procedures for their own individual buildings and assign personnel at their own discretion.

In the event that the nature of the disaster is such that there is insufficient time to either provide necessary bus transportation the following "STAY IN SCHOOL PLAN" will be implemented.

- 1) All children will remain in the school building and building principals will insure that they will be supervised as follows:
 - a) They will remain in the school building until such time as the Superintendent or his designee determines that they can safely proceed home in accordance with the "GO HOME PLAN".
 - b) They will be housed in the safest area of each building.
 - c) Teachers will receive emergency duty assignments from their building principals to supervise the pupils. Such assignments will continue until the children in their care can go home or the emergency has ended.
- 2) Personnel will be assigned to the school office to operate the telephones and to take care of all the necessary responsibilities that flow through the office.
 - a) Important school records will be centralized in a designated office or a safe room. This includes all attendance records, including the day of the emergency.
 - b) Office areas will be staffed, if necessary, after the emergency for the necessary time to complete all essential business.

N/01908

- 3) All instructional and non-instructional staff personnel will remain in their assigned areas until excused by the school principals or by their representatives.
