Dear Sir,

Re: Amendment to License No. 24-18210-01

Enclosed is an amendment application to add Dr. Stephen J. Steska to the list of authorized users for Nuclear Medicine procedures in Groups I, II, and III and xenon.

The Radiation Safety Committee has also been updated to current status.

Enclosed is a check for \$120.00 to cover the fee for the license amendment.

Thank you for your prompt consideration of this amendment request.

Sincerely,

*Lewis I. Alley*

Items 4 and 8. INDIVIDUAL USERS AND TRAINING AND EXPERIENCE  
(Addition)

Add Stephen Joseph James Steska, M. D. to the list of authorized users. Authorization is requested for Dr. Steska to perform Nuclear Medicine studies in Groups I, II, and III and xenon studies. Steska's Missouri License Number is MDR 7749 and he was Board Certified by the American Board of Radiology in June of 1983. Dr. Steska was previously an authorized user for Groups I through III and xenon at Saint Anthony's Hospital, Alton, Illinois, license number NRC 12-12189-01 and Illinois IL-00459-01. Dr. Steska is currently an authorized user at St. Francis in Maryville, Missouri, NRC 24-18153-01. Information equivalent to Supplements A and B for Dr. Steska may be found within the application and/or amendments to license NRC 12-12189-01 which is already on file with the NRC.

Drs. White and Dukstein remain on the authorized user list and Dr. Dukstein is still the Radiation Safety Officer.
