Dear Mr. Poirier:

As I indicated in our telephone conversation on August 29, 1978, I would appreciate your assistance in the following matters:

- (1) An indication of unearthed and potential archeological resources in the Millstone Point area (Town of Waterford, Niantic Quadrangle); this discussion should also indicate the archeological significance of such resources.
- (2) A discussion and/or mapping of areas throughout the State that have a high probability of yielding archeological resources.

If you are in need of further clarification, please call me on (301) 492-7906.

Sincerely,
