Cassandra F. Frazier
Materials Licensing Section
U. S. Nuclear Regulatory Commission Region III
799 Roosevelt Road
Glen Ellyn, IL 60137

Ms. Frazier:

We requested amendment to our NRC license number 24-08334-02 (Control No. 83715) on June 10, 1987. Since submission of this request two additional changes are requested.

Please amend Subitem 7.D. to read:

Plated Source (Hewlett-Packard
Model No. 19235 Detector Cells)

In the letter dated June 10, 1987 Attachment III, Item 5, we stated that sealed source leak tests would be conducted by Varian Instrument Group, Walnut Creek, CA. These leak tests will be performed by R. M. Wester and Assoc., Inc., St. Charles, MO.

All other facilities, programs, and conditions in the application dated August 6, 1979, and letters dated July 10, 1984, July 30, 1984, and July 5, 1986 will remain in effect. My telephone number is (314)982-2806.

Sincerely,

Kathryn S. Phillips, 4RS
