DOCKETED  
SECRETARY  
AREA SERVICE  
BRANCH9. Temporary Equipment and/or Systems

If, at any time, temporary equipment and/or systems are installed to facilitate plant operations, the responsible operations supervisor or his designee shall indicate on the appropriate Station or Water Treating Status Boards. The board shall identify if possible the temporary installation by a brief description, or where the details of the installation can be found, and the date and time the equipment or system was placed in service. Once the temporary equipment and/or systems are removed, the responsible operations supervisor or his designee shall have them deleted from the applicable status boards.
