Att: Mrs. Betty L. Wright
Export/Import & International Safeguards
Office of International Programs

Subject: Application for Amendment to Export
License XSNM01274 issued on 9/1/78

Gentlemen:

We hereby apply for an amendment of the export license
XSNM-01274 as follows:

Original

To be Amended to

3.80% maximum enrichment

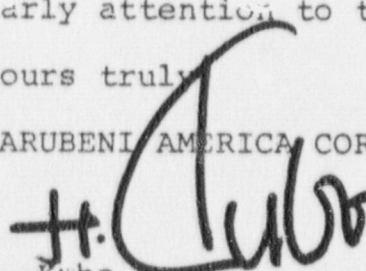

3.90% maximum enrichment

The reason for this change is a production variation of the
enrichment from UF6 to UO2, which is approximately plus or
minus of 0.088%.

We regret that we did not include this production tolerance
in our original application and hope to be favored with your
early attention to this application.

Yours truly,

MARUBENI AMERICA CORPORATION
