POOR ORIGINAL

Dear Chairman,

Dear, for the last 10 years
minutes of the in Wash. D.C.,
Tomas, Baltimore, York, Fairbanks,
and other places in the country, and
a time span of a thousand years.
As for how little we know
of the world, we are in the dark
about the future of the world.

Substance. Radium is a
substance that contains a substance
which is very 100 ft. of concrete. These
"substances" are in the world.
That water contains no one of them,
except for radiation as well.

Please remember

"There are no safe levels of radiation."
