Arlington, Texas 76011

Dear Mr. Cain:

This is in reference to your letter dated July 13, 1987 with regard to our application renewal for Nuclear Medicine.

Enclosed you will find our application for license renewal prepared in accordance with Regulatory Guide 10.8, Revision 2, Guide for the Preparation of Applications for Medical Programs along with form 313.

If you have any further questions with regard to this application renewal, please contact A.D. Wills, M.D., Department of Radiology, Washakie Memorial Hospital, phone number 307 347-3221. Thank you.

Sincerely,

*A.D. Wills*  
A.D. Wills, M.D.

Radiation Safety Officer

Note: It should be noted that when we filed our first application renewal, dated March 9, 1987, that the NRC provided not once but twice form 313M and Regulatory Guide 10.8, Revision 1 in December of 1986 and February of 1987. That is the reason those forms were utilized for the March 9th application renewal.
