Gentlemen:

Thank you for your letter of March 10, 1988, which described the corrective actions General Electric (GE) has and will implement in response to the Items of Nonconformance identified in our letter of February 11, 1988. The GE response to those items was adequate and no additional information is requested.

The corrective actions described in your March 10, 1988 response will be reviewed during a future NRC inspection.

Sincerely,

*JS*  
James C. Stone, Acting Chief  
Vendor Inspection Branch  
Division of Reactor Inspection and Safeguards  
Office of Nuclear Reactor Regulation
