Dear Mr. Proffitt:

SUBJECT: RECEIPT OF ADDITIONAL ANTITRUST INFORMATION -
NORTH ANNA POWER STATION, UNITS 1, 2, 3 AND 4

Your letter, dated September 1, 1978 transmitted additional antitrust information on Old Dominion Electric Cooperative as an owner of the Surry Power Station Units 1 and 2 and North Anna Power Station, Units 1, 2, 3 and 4. North Carolina Electric Membership Corporation will also be an owner of these two stations. Additional antitrust information was not required for the North Carolina Electric Membership Corporation in accordance with an informal agreement between the Department of Justice and the Nuclear Regulatory Commission that only participants planning to own more than 20 MWe of a nuclear unit need to submit the entire antitrust information specified in Appendix L of 10 CFR Part 50. Also, an antitrust review is not required for the additional owners of the Surry Power Station, Units 1 and 2, as Section 104b. of the Atomic Energy Act of 1954 applied for these licenses.

We have prepared a related antitrust notice concerning this ownership and forwarded it to the Office of the Federal Register for publication. A copy of that notice is enclosed for your use. A legal notice has also been prepared and forwarded to the following newspapers and NRC approved trade journals for publication:
