Gentlemen:

Enclosed is Amendment No. 36 to your NRC License No. 34-02091-03 in accordance with your request.

We were not able to add Group V to Dr. Kersten's request. She will need to document at least two more cases of iodine-131 thyroid therapy before we can add Group V. We have enclosed a copy of the new Part 35 which contains minimum training requirements for each group. When we receive documentation of Dr. Kersten's training for the additional cases, we will add Group V to her authorization.

Sincerely,

Original Signed By
