

March 15, 1988

Docket No.: 50-498

Mr. J. H. Goldberg
Group Vice President, Nuclear
Houston Lighting and Power Company
P. O. Box 1700
Houston, Texas 77001

Dear Mr. Goldberg:

SUBJECT: ISSUANCE OF THE REPORT BY THE SAFETY SIGNIFICANCE ASSESSMENT
TEAM (SSAT) REGARDING ALLEGATIONS RECEIVED THROUGH THE
GOVERNMENT ACCOUNTABILITY PROJECT (GAP)

The subject report entitled, "NRC Safety Significance Assessment
Team Report, Units 1 and 2" (NUREG-1306) has been provided to you under
separate cover. The staff does not have in its possession sufficient
copies to distribute to the service list. The distribution will be
completed at a later time when the copies become available. The SSAT
review of GAP's allegations has identified no substantive safety issue
that would warrant delay in the NRC's consideration of a full-power
license for the South Texas Project, Unit 1. Section 4 of the report
identifies actions to be performed prior to Unit 1 increasing power
level beyond 5%. The NRC staff will review the completed actions.

Sincerely,
Original signed by
