Washington, D.C. 20555

SUBJECT: COMANCHE PEAK STEAM ELECTRIC STATION (CPSES)
DOCKET NOS. 50-445 AND 50-446
CPRT RESULTS REPORT AND COLLECTIVE SIGNIFICANCE REPORT

Gentlemen:

In our letter TXX-88269 dated February 29, 1988, we stated that the files containing supporting documentation for Results Report VII.a.9 and the Collective Significance Report would be available for public inspection on March 15, 1988. This is to inform you that we are still collecting documents for these files, and that the files should be available for public inspection in several weeks. We will provide you with a notice of availability when the files are ready for inspection. We regret any inconvenience this may cause and appreciate your patience.

Very truly yours,

W. G. Council
