SUBJECT: Waste Compliance Plan for the West Valley Demonstration Project
High-Level Waste Form

Dear Dr. Hurt:

Per your request, enclosed please find five copies of the document, "Waste Compliance Plan for the West Valley Demonstration Project High-Level Waste Form," WVDP-055, dated October 19, 1986. This document has been prepared in accordance with the DOE Waste Acceptance Process and is based on a draft Waste Acceptance Preliminary Specification for the WVDP HLW Form.

The DOE is currently revising the Waste Acceptance Preliminary Specification noted above to remove reserved items indicated therein. Therefore, the Project will reissue a revised Waste Compliance Plan incorporating the current strategy for meeting glass quality requirements and will be available for distribution in late April or early May. You should use these enclosed reports as preliminary copies.

Sincerely,

W. W. Bixby

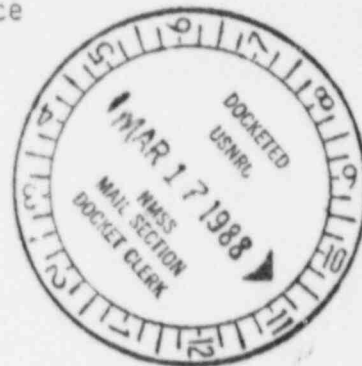

W. W. Bixby, Director
West Valley Project Office
