Dear Dr. Krupka:

SUBJECT: CONTRACT NO. 50-19-03-02/FIN B-2483, "DEFINITION OF SOLUTE TRANSPORT MECHANISMS AT LLW DISPOSAL SITE..."

I have reviewed the November 1987 monthly progress report for the above contract, dated December 15, 1987. Based on my review of this report, progress to date is satisfactory. During the next month I expect to receive the revised work plan for the confirmatory experiments and the literature review report. Please contact me if these documents cannot be delivered by the end of January 1988. It is imperative that the revised work plan is completed and approved as soon as possible to avoid further delays in the onset of the confirmatory experiments.

If you have questions regarding this schedule or the NRC staff comments on the work plan, please call. The action taken by this letter is considered to be within the scope of the current contract (FIN B-2483). No changes to costs or delivery products are authorized. Please notify me immediately if you believe that this letter would result in changes to costs or delivery of contracted products.

Sincerely,
