Mr W.E.Thompson, Jr

Sir:

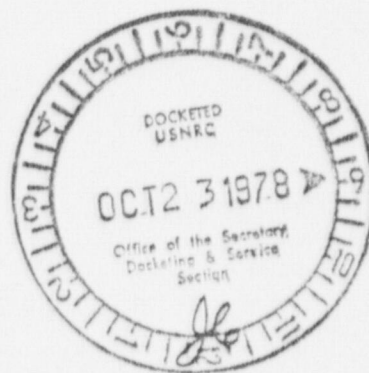

NRC PUBLIC DOCUMENT ROOM

Thank you for your aid in directing me to the Federal Register. I am sure that the Federal Register will contain announcements about the UFC.

There is only one problem. I am a working man. I cannot afford to take off days from work to go to a library branch where I can spend hours per day perusing the Federal Register .

I have been a participant in the UFC RM 50-3. I have been sent all their ~~for~~ notices. Any other arrangement would severely limit my ability to participate. I am not asking for special privileges or handling. I am sure that if I were an industry participant, the NRC would attempt to keep me informed. I request only that the same courtesies be extended to me as would and have been to industry participants.
