SUBJECT: Application Amendment - License No. XSNM-120

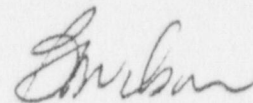

Dear Mr. Oplinger:

General Electric has received NRC License No. XSNM-120 with a current expiration date of 1 December 1978.

Since exports under authority of the license will be necessary beyond that expiration date, General Electric hereby requests amendment of XSNM-120 extending the expiration date to 1 December 1981.

Additionally, the Export Agent - Harper, Robinson and Company may be deleted from the license and the licensee's mail code changed to 838.

Very truly yours,
