Subject: Reapplication for XCOM0203

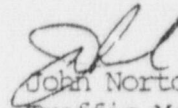

Dear Ms. Wright:

The attached application covers material that was originally licensed for export on XCOM0203. Our license expired on 01 July 1980 and we have not yet shipped the material.

We applied for an extension on 16 October 1980 and Elaine Henby explained that because we did not file in a timely manner we would be required to submit a new application.

This places an extreme hardship on our customer as the material is now ready and our customer has asked that we ship the parts immediately via airfreight. Please expedite this application and notify me if I can help.

Sincerely,

John Norton,
Traffic Manager
