Donnie H. Grimsley, Director
Division of Rules and Records
Office of Administration
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Grimsley:

This an appeal pursuant to subsection a(6) of the Freedom of Information Act as amended (5 U.S.C. 522), of the actual denial to release documents, requested by Lynn Connor, Doc-Search Associates.

By letter dated January 14, 1988 you informed us that records subject to our FOIA request 87-782 described in Appendices A and B are being withheld in their entirety under FOIA Exemption 7 A, because disclosure would interfere with an enforcement proceeding because it could reveal the scope, direction, and focus of enforcement efforts, and thus could possibly allow them to take action to shield potential wrongdoing or a violation of NRC requirements from investigators.

We believe we are entitled to the release of the documents being withheld. In any event, we would request a meeting with the Office of Administration of the Division of Rules and Records and the Office of General Counsel to discuss the merits of our appeal.

We look forward to your response to this appeal within 20 working days of your receipt so that we can determine whether to take legal action.

Sincerely,

Colleen Noonan Amoruso

PART II B - APPLICABLE FOIA EXEMPTIONS

Records subject to the request that are described in the enclosed Appendices A are being withheld in their entirety or in part under FOIA Exemptions and for the reasons set forth below pursuant to 5 U.S.C. 552(b) and 10 CFR 9.5: NRC Regulations

1. The withheld information is properly classified pursuant to Executive Order 12356 (EXEMPTION 1)

2. The withheld information relates solely to the internal personnel rules and procedures of NRC (EXEMPTION 2)

3. The withheld information is specifically exempted from public disclosure by statute indicated: (EXEMPTION 3)

Section 141-145 of the Atomic Energy Act which prohibits the disclosure of Restricted Data or ~~Further~~ Restricted Data (42 U.S.C. 2161-2166)

Section 147 of the Atomic Energy Act which prohibits the disclosure of Unclassified Safeguards information (42 U.S.C. 2167)

4. The withheld information is a trade secret or commercial or financial information that is being withheld for the reason(s) indicated: (EXEMPTION 4)

The information is considered to be confidential business (proprietary) information.

The information is considered to be proprietary information pursuant to 10 CFR 2.790(d)(1).

The information was submitted and received in confidence from a foreign source pursuant to 10 CFR 2.790(d)(2).

5. The withheld information consists of intra-agency or inter-agency records that are not available through discovery during litigation. Disclosure of predecisional information would tend to inhibit the open and frank exchange of ideas essential to the deliberative process. Where records are withheld in their entirety, the facts are inextricably intertwined with the predecisional information. There also are no reasonably segregable factual portions because the release of the facts would permit an indirect inquiry into the predecisional process of the agency. (EXEMPTION 5)

6. The withheld information is exempted from public disclosure because its disclosure would result in a deemed unwarranted invasion of personal privacy. (EXEMPTION 6)

7. The withheld information consists of investigatory records compiled for law enforcement purposes and is being withheld for the reason(s) indicated: (EXEMPTION 7)

Disclosure would interfere with an enforcement proceeding because it could reveal the scope, direction, and focus of enforcement efforts, and thus could possibly allow them to take action to shield potential wrongdoing or a violation of NRC requirements from investigators. (EXEMPTION 7(A))

Disclosure would constitute an unwarranted invasion of personal privacy (EXEMPTION 7(C))

The information consists of names of individuals and other information the disclosure of which would reveal identities of confidential sources. (EXEMPTION 7(D))

PART II C - DENYING OFFICIALS

Pursuant to 10 CFR 9.9 and/or 9.15 of the U.S. Nuclear Regulatory Commission regulations, it has been determined that the information withheld is exempt from production or disclosure and that its production or disclosure is contrary to the public interest. The persons responsible for the denial are those officials identified below as denying officials and the Director, Division of Rules and Records, Office of Administration, for any denials that may be appealed to the Executive Director for Operations (EDO).
