Dear Mr. Canovitch:

This is in reference to your letter dated October 12, 1996 requesting to amend License No. 20-11021-01. In order to continue our review, we need the following additional information:

1. It appears from your letter that a possible change of ownership has occurred. 10 CFR 30.34(b) requires NRC consent prior to a change of ownership. Provide the following information:
 - a. Any planned changes in personnel having control over licensed activities (e.g., officers of the corporation) and any changes in personnel named in the license such as the radiation safety officer, authorized users, or any other persons identified in previous license applications as responsible for radiation safety of use of licensed material.
 - b. A complete, clear description of the transaction. The description should include any transfer of stocks or assets, mergers, etc.
 - c. Any planned changes in organization, location, facilities, storage or uses of licensed material, equipment or procedures. If such changes are to be made, they should be fully described.
 - d. A detailed description of any changes in the use, possession or storage of licensed materials.
 - e. An indication of whether all surveillance items and records, (e.g., calibrations, leak tests, surveys, inventories and accountability requirements) will be current at the time of transfer.

- f. Confirmation that the transferee or successor company agree to abide by all constraints, conditions, requirements, commitments and representations identified in the existing license. If not, the transferee must provide a description of its program to assure compliance with the license and regulations.
- g. Documentation that both the transferor and the transferee agree to the change in ownership or control of the licensed material and activity, and the conditions of transfer, and that the transferee has been made aware of all open inspection items and possible resulting enforcement actions.

We will continue our review upon receipt of this information. Please reply in duplicate to my attention at the Region I Office and refer to Mail Control No. 123838. If you have any technical questions regarding this deficiency letter, please call me at (610) 337-5251.

If we do not receive a reply from you within 30 calendar days from the date of this letter, we shall assume that you do not wish to pursue your application.

Sincerely,
