**Subject:** Final Safety Evaluation for Sargent & Lundy, LLC Nuclear Quality Assurance Program Topical Report SL-TR-1, Revision 25 (EPID: L-2020-TOP-0027)  
**Date:** Friday, June 5, 2020 5:18:00 PM

---

Dear Mr. Kurtz,

By letter dated May 14, 2020 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML20132A261), Sargent & Lundy, LLC (S&L) submitted S&L "Nuclear Quality Assurance Program," Topical Report SL-TR-1, Revision 25. By email dated May 28, 2020, the NRC issued its draft safety evaluation (SE) for the S&L "Nuclear Quality Assurance Program," Topical Report SL-TR-1, Revision 25. (ADAMS Accession No. ML20148M255). By email dated June 1, 2020 (ADAMS Accession No. ML20154K711) S&L responded with no comments on the draft SE.

The final SE (ADAMS Accession No. ML20154K718) addresses the applicability of the S&L "Nuclear Quality Assurance Program," TR SL-TR-1, Revision 25.

The NRC staff has found that "Nuclear Quality Assurance Program," TR SL-TR-1, Revision 25, is acceptable for referencing in licensing applications to the extent specified and under the limitations delineated in the TR and the final SE. A copy of the final SE and this email are in ADAMS as publicly available.

According to the guidance provided on the NRC website, we request that S&L publish accepted non-proprietary version of the TR within three months timeframe after this final SE is issued by NRC.

The accepted versions shall incorporate this letter and the final SE after the title page. Also, they must contain historical review information, including NRC RAI questions and your responses. The accepted versions shall include an "-A" (designating accepted) following the TRs identification symbol.

If future changes to the NRC's regulatory requirements affect the acceptability of this TR, S&L will be expected to revise the TR appropriately. Licensees referencing this TR would be expected to justify its continued applicability or evaluate their plants using the revised TR.

If you have any questions, please feel free to contact me at 301-415-2375 or by email.
