

Topics for Discussion During 6/8/2020 Public Meeting with NextEra Energy/Florida Power & Light Company Regarding Access Authorization and Fitness for Duty Exemptions

For each submittal, NextEra Energy/Florida Power & Light Company provided a table listing multiple regulations in 10 CFR Part 26 and 10 CFR Part 73 for which the plant is requesting exemption from. For each line of those tables, the NRC staff intends to discuss the following:

- The requirements in those regulations, which are being requested by the exemption
- Why exemption from those requirements is necessary
- Any compensatory measures/controls being put in place, if appropriate
