---

Greetings,

Please find attached your copy of a letter, dated May 4, 2020, and addressed to Mr. Jeffrey Isakson (Interim Storage Partners [ISP]), by which the U.S. Nuclear Regulatory Commission (NRC) staff notified Mr. Isakson of the availability of the NRC staff's Draft Environmental Impact Statement (DEIS) for ISP's proposed Consolidated Interim Storage Facility (CISF) located in Andrews County, Texas.

As discussed in the letter, the DEIS is publicly available from the NRC's Agencywide Documents Access and Management System (ADAMS). ADAMS is accessible from the NRC website at <https://www.nrc.gov/reading-rm/adams.html>. The ADAMS accession number for the DEIS is ML20122A220. The ADAMS accession number for an overview to the DEIS is ML20121A016.

The letter also noted that the opening of the 120-day public comment period for the DEIS would begin with the U.S. Environmental Protection Agency's (EPA's) Notice of Availability for the DEIS to be published in the *Federal Register*. EPA's notice appeared in the May 8, 2020, issue of the *Federal Register* and is accessible at <https://www.federalregister.gov/documents/2020/05/08/2020-09859/environmental-impact-statements-notice-of-availability>. The NRC's notice providing instructions on how to submit comments also appeared in the May 8, 2020, *Federal Register* and is accessible at <https://www.federalregister.gov/documents/2020/05/08/2020-09795/interim-storage-partners-consolidated-interim-storage-facility-project>.

Please contact me at 301-415-6954 or via e-mail at [James.Park@nrc.gov](mailto:James.Park@nrc.gov) should you have any questions concerning the NRC staff's environmental review of ISP's license application for ISP's proposed CISF.
