SUBJECT: PACE ANALYTICAL – SHERIDAN, WY RESPONSE TO NRC INSPECTION
REPORT 030-38364/2020-001 AND NOTICE OF VIOLATION

Dear Mr. Netzer:

On May 12, 2020, the U.S. Nuclear Regulatory Commission (NRC) cited Pace Analytical – Sheridan, WY for a violation associated with a failure to obtain NRC consent in writing prior to a change of control and/or transfer of ownership that occurred on October 1, 2019, related to radioactive materials License Number 49-29405-01.

The NRC Inspection Report 030-38364/2020-001 with enclosed Notice of Violation required you to respond in writing within 30 days Agencywide Documents Access Management System [ADAMS] Accession No. ML20133K049. In a letter dated May 29, 2020, you provided a response to the Notice of Violation (ADAMS Accession No. ML20157A089).

After reviewing the information which you provided in your response to the Notice of Violation, we have concluded that your completed and proposed actions appear to adequately address the regulatory non-compliances described in the Notice of Violation. We will review your implementation of these corrective actions during a future inspection to determine whether full compliance has been restored and whether compliance will be maintained.

In accordance with 10 CFR 2.390 of the NRC's "Agency Rules of Practice and Procedure," a copy of this letter will be made available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System, accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,
