Subject: [External_Sender] June 24 NRC meeting to discuss proposed emergency preparedness for SMRS
Date: Wednesday, June 24, 2020 4:00:09 PM

My comment: I urge a six-month extension of the rulemaking effort. We are experiencing an increase in COVID-19 cases; this is not the time to ask communities, emergency response leaders, and disaster readiness personnel to be commenting on a proposed rule.
