Dear Mr. Allen:

This message concerns the referenced licensee's April 7, 2020 amendment request to add seven Authorized Nuclear Pharmacists (ANPs) to the license, including Glen F. Palmer, R.Ph., BCNP.

In the request, you included a copy of Mr. Palmer's State of Michigan Registered Pharmacist License, expiration date of June 30, 2020. Upon review at the Michigan Department of Licensing and Regulatory Affairs website, <https://www.michigan.gov/lara>, it appears that Mr. Palmer's license has not yet been renewed.

Accordingly, could you please provide an update as to the status of Mr. Palmer's Registered Pharmacist license renewal. For example, if you have a copy of a communication from the Michigan Board of Pharmacy that the license will be renewed, or has been renewed, could you please forward that? In the alternative, if Mr. Palmer's license renewal application has been submitted but not yet approved, could you please provide the date by which you expect it to be approved.

You may provide your response via phone or email or as a signed and dated letter attached as a pdf file to an email message. Please provide a response within 7 days of this message (on or before July 6, 2020). Please do not hesitate to call or email me with any questions you may have.

Sincerely,

**Sara A. Forster, Health Physicist Licensing Reviewer**
