

Mr. Walton,
John C. Walton, P.E.
Principal Associate
Geotechnical Services
Maser Consulting P.A.
C: 610.731.9311 P: 610.254.9140 ext: 4217

Please answer in the affirmative.

6. Confirm that all records concerning the safe and effective decommissioning of the facility will be transferred to the transferee or to NRC, as appropriate. These records include documentation of surveys of ambient radiation levels and fixed and/or removable contamination, including methods and sensitivity.

Not applicable, as to date, there has not been any decommissioning of the Red Bank Facility, which remains fully operational.

Leak tests and documented surveys represent decommissioning records (e.g., proof that no remediation is necessary).

Also, we need the affirmative response signed by Management.

Regards,

Randolph C. Ragland, Jr., CHP
Senior Health Physicist
Division of Nuclear Materials Safety
