

**Request for Additional Information**

**PharmaLogic Michigan, LLC – Traverse City, MI (CN617740)**

**License No. 21-32190-01MD**

**Docket No. 030-35125**

- 1) In your renewal application request dated January 10, 2020, you indicate on Page B-5 that *“we will provide customers the following radiation protection services involving licensed material: Leak testing and Instrument calibration.”*

Please specify if you intend to provide such services to your customers or if you only plan to conduct your own leak tests and have your own instruments calibrated by a third party.

- 2) In your renewal application request dated January 10, 2020, you provided under Item 7 (the 7<sup>th</sup> page past the application checklist) the names of six individuals to be listed on the license as Authorized Nuclear Pharmacists (ANPs). However, in the referenced ATT 7.3, there are those six names plus two more listed as ANPs. In addition, the current license lists those eight individuals as well as 10 others for a total of 18 ANPs.

Please clarify which individuals you wish to list on the renewed license and what names need to be deleted from the license.
