Subject: Submittal of Revised Fundamental Nuclear Material Control Plan

Framatome Inc. has revised the Fundamental Nuclear Material Control Plan (FNMCP) for our Richland WA fuel fabrication facility. The changes do not decrease the effectiveness of the plan and do not require NRC preapproval. The new version, E07-01-001 Version 12.0, is being submitted to the NRC in accordance with the provisions of 10 CFR § 70.32. A copy of the FNMCP is attached. An affidavit stating the proprietary nature of the FNMCP is also attached in accordance with the provisions of 10 CFR § 2.390.

If you have questions, please feel free to contact me at 509-375-8520.

Very truly yours,

A handwritten signature in black ink, appearing to read "Michael J. Wilbricht".
