Kelly,

We plan to get to the site on Tues Aug 11 around 2 pm. Would it be OK to do our intro meeting, C-24 training and tour that day? And then the following day (Aug 12) we can review any documents and discuss our Crit Safety and ISA Sum RAls with you and review onsite documents 8:30 am – 5:00 pm with a ~30 min lunch break. Will it be possible to get lunch in the form of sandwiches delivered to the site? If so, I will need to provide you some dietary restrictions. We would obviously pay for it. We would also like to continue our discussions on Thurs morning and exit before lunch. If the C-24 and tour would be difficult on Tues afternoon, we can simply do our introductions and unclassified discussions related to the ISA and Crit Safety areas and then do the C-24 training and tour the next morning as you outlined.

The attached document should give you a heads-up concerning our ISA discussions and reviews apart from the RAls.

Also, please let us know if between now and the 11th you hear of the COVID-19 situation worsening for the Knoxville/Oak Ridge area.

Thanks

Yawar

just trying to look at a schedule for your upcoming visit. This is only a proposed plan for your review and editing.

Tuesday, August 11 NRC travel to Oak Ridge

Wednesday, August 12 (Corrado and I are tied up in our DOE Monthly review this morning, so we are starting you a little later)

8:30 a.m. Entrance to TMC – temperature check and wear masks
8:45 a.m. C-24 briefing at TMC with Security
9:30 a.m. introductions and entrance meeting for NRC Review Team
9:50 a.m. Overview of HALEU Demonstration Program and tour of facilities
10:50 a.m. NRC and ISA/NCS review planning and discussions
11:30 a.m. break for lunch

1:00 p.m. – end time ? NRC reviews of ISA and NCS (we are available as long as you wish to stay for reviews)

Thursday, August 13

start and end times ? – NRC reviews of ISA and NCS (we are available as long as you wish to stay for reviews)

? p.m. – NRC exit

Friday, August 14 NRC travel day

Or did you want review times and the exit on this day?
