Subject: [External_Sender] Transport of Toxic Waste

i am writing to oppose the plan to bring nuclear waste through Fort Worth. The route will be through a heavily populated area, including more that 20,000 TCU students, several churches, elementary, middle and high schools, and homes placed close together on small lots. My family, three households, live in that area. A great number of people will be impacted.

I am also requesting a public hearing on this matter.

Sincerely,
Carol M. Stewart
