Units 1 and 2)
Dockets 50-275-OL and 50-323-OL

Dear Mrs. Bowers:

We are filing notices of appearance in the above-noted action as representatives of several intervenors. While we plan to represent the intervenors as to all issues related to seismicity at the Diablo Canyon, we may not represent intervenors on other issues. For example, Messrs. Paul Valentine and Yale Jones will continue to represent several intervenors as to the plant security issues.

The intervenors we represent, Scenic Shoreline Preservation Conference, San Luis Obispo Mothers for Peace, Gordan Silver, Sandra Silver, Ecology Action Club, and John J. Forster have all agreed to our limited participation. They will continue to pursue issues for which we do not provide representation through their own efforts or other representatives. Of course, all intervenors and their representatives, including ourselves, will inform your Atomic Safety Licensing Board in a timely manner before each hearing which intervenor or representative will pursue which issues in that particular hearing. In addition, all intervenors and their representatives will cooperate to respond promptly to all proper discovery the applicants and the Commission staff may request of intervenors.

Finally, as all intervenors may continue to represent themselves on some issues, they should remain on
