Dear Mr. Wassenaar:

By the letter dated July 10, 2020, you informed the U.S. Nuclear Regulatory Commission (NRC) of a change in the corporate ownership structure. From your letter, we understand that this change affects only an intermediary holding company, as described in the letter and the submitted management structure charts. We agree that this change is not a transfer of control of the NRC licenses.

Based on the above understandings, the NRC acknowledges the change in the management structure for the byproduct materials License Nos. 54-28275-01 and 54-28275-02MD, and the export License No. PXB3.10. Future changes in the licensee's name, licensed use, licensed materials, licensed location, or persons responsible for licensed material require submission of a request to amend the license. NRC approval must be received prior to implementation of the proposed change.

If you have any questions regarding this letter, please contact Betsy Ullrich at (610) 337-5040 or by electronic mail to Elizabeth.Ullrich@nrc.gov.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web Site at: <http://www.nrc.gov/reading-rm/adams.html>.
