Overview of NRC Strategic Plan

- The FYs 2018–2022 Strategic Plan presents the mission and vision for the agency along with the goals, objectives and strategies the NRC is striving to achieve.
- The Strategic Plan includes information on the external factors, evaluations, research, and planned program reviews.

Structure of NRC's 2018- 2022 Strategic Plan

Development Process

- The next Strategic Plan covers FYs 2022 through 2026.
- The Strategic Plan is developed in accordance with:
 - Government Performance and Results Act Modernization Act of 2010 (GPRAMA)
 - Office of Management and Budget (OMB) Circular No. A-11, “Preparation, Submission, and Execution of the Budget”
 - Foundations for Evidence-Based Policymaking Act of 2018 (“Evidence Act”) - *New*

Development Process

- Conduct outreach to stakeholders
- Review and update the Strategic Plan framework
- Develop the draft Strategic Plan
- Issue draft plan by *Federal Register* notice for 30-day public comment period
- Analyze and address comments to develop final plan
- Submit final Strategic Plan to Congress and the President by February 2022

New items for FYs 2022-2026 Strategic Plan

- Strategic Objective Themes
 - Reflects the objectives major purpose and outcome by topical categorization.
- Agency strategic plans are now required to include:
 - The [Capacity Assessment](#) will help agencies to assess their ability and infrastructure to carry out evidence building activities.
 - The [Learning agenda](#) describes the activities agencies will undertake to answer important short-and-long term strategic and operational questions important to achieving the agency's mission.

NRC Transformation Journey

THE FUTURE IS NOW

Why we need to get on this journey?

keep pace with
the highly dynamic,
interconnected
environment

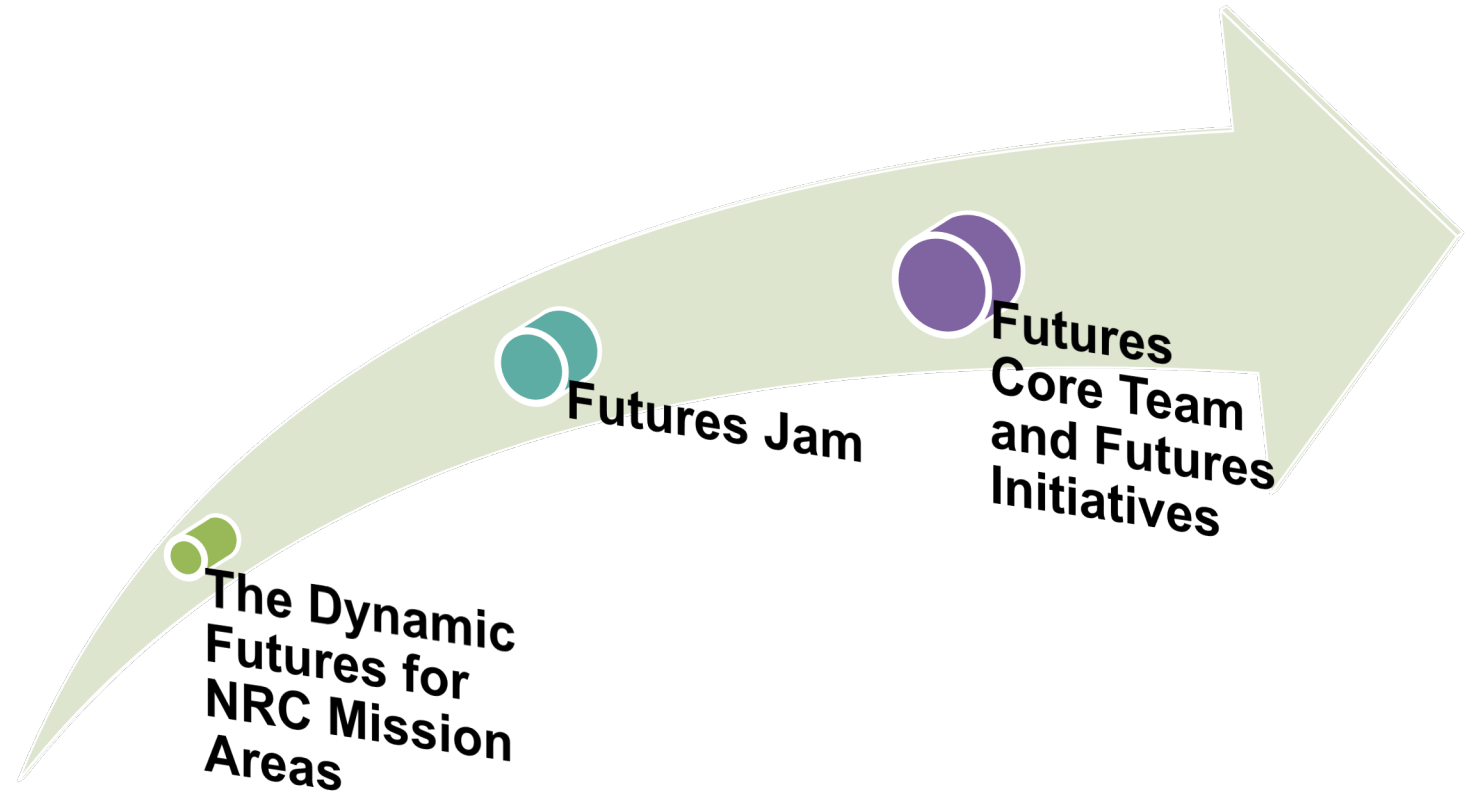

be prepared to
regulate an industry
that is innovative and
has new technologies

re-evaluate the way we
conduct our business to
optimize processes and
procedures in order to
better serve the American
public

TRANSFORMATION BACKGROUND

Becoming a modern, risk-informed regulator

How will we know
when we've truly
become a modern,
risk-informed
regulator?

- We will make sound decisions while accepting **well-managed risks** in decisionmaking.
- We will **use technology** to work smarter, including using data analytics to highlight areas for regulatory attention and improvement.
- We will be **innovators** who make timely decisions that take into account different viewpoints and fully explored options.
- We will maintain an engaged and highly skilled **workforce** now and in the future.

Becoming a modern, risk-informed regulator

Our People

Be riskSMART

Technology

Innovation

Aligning our behaviors and mindsets with our transformation vision.

Identifying and communicating how the agency's human capital programs are assessed and how they support current and future workforce needs.

Clarify career paths to support retention and drive engagement and career development.

Becoming a modern, risk-informed regulator

Our People

Be riskSMART

Technology

Innovation

Be riskSMART

Developing and implementing a framework that will give staff confidence in accepting risk in our decision-making without compromising the NRC's mission.

Enhancing the efficiency and effectiveness of agency work processes, such as document production and concurrence.

Becoming a modern, risk-informed regulator

Our People

Be riskSMART

Technology

Innovation

Enhancing adoption and training for IT services to ensure the services have maximum impact on day-to-day agency work

Becoming a modern, risk-informed regulator

Our People

Be riskSMART

Technology

Innovation

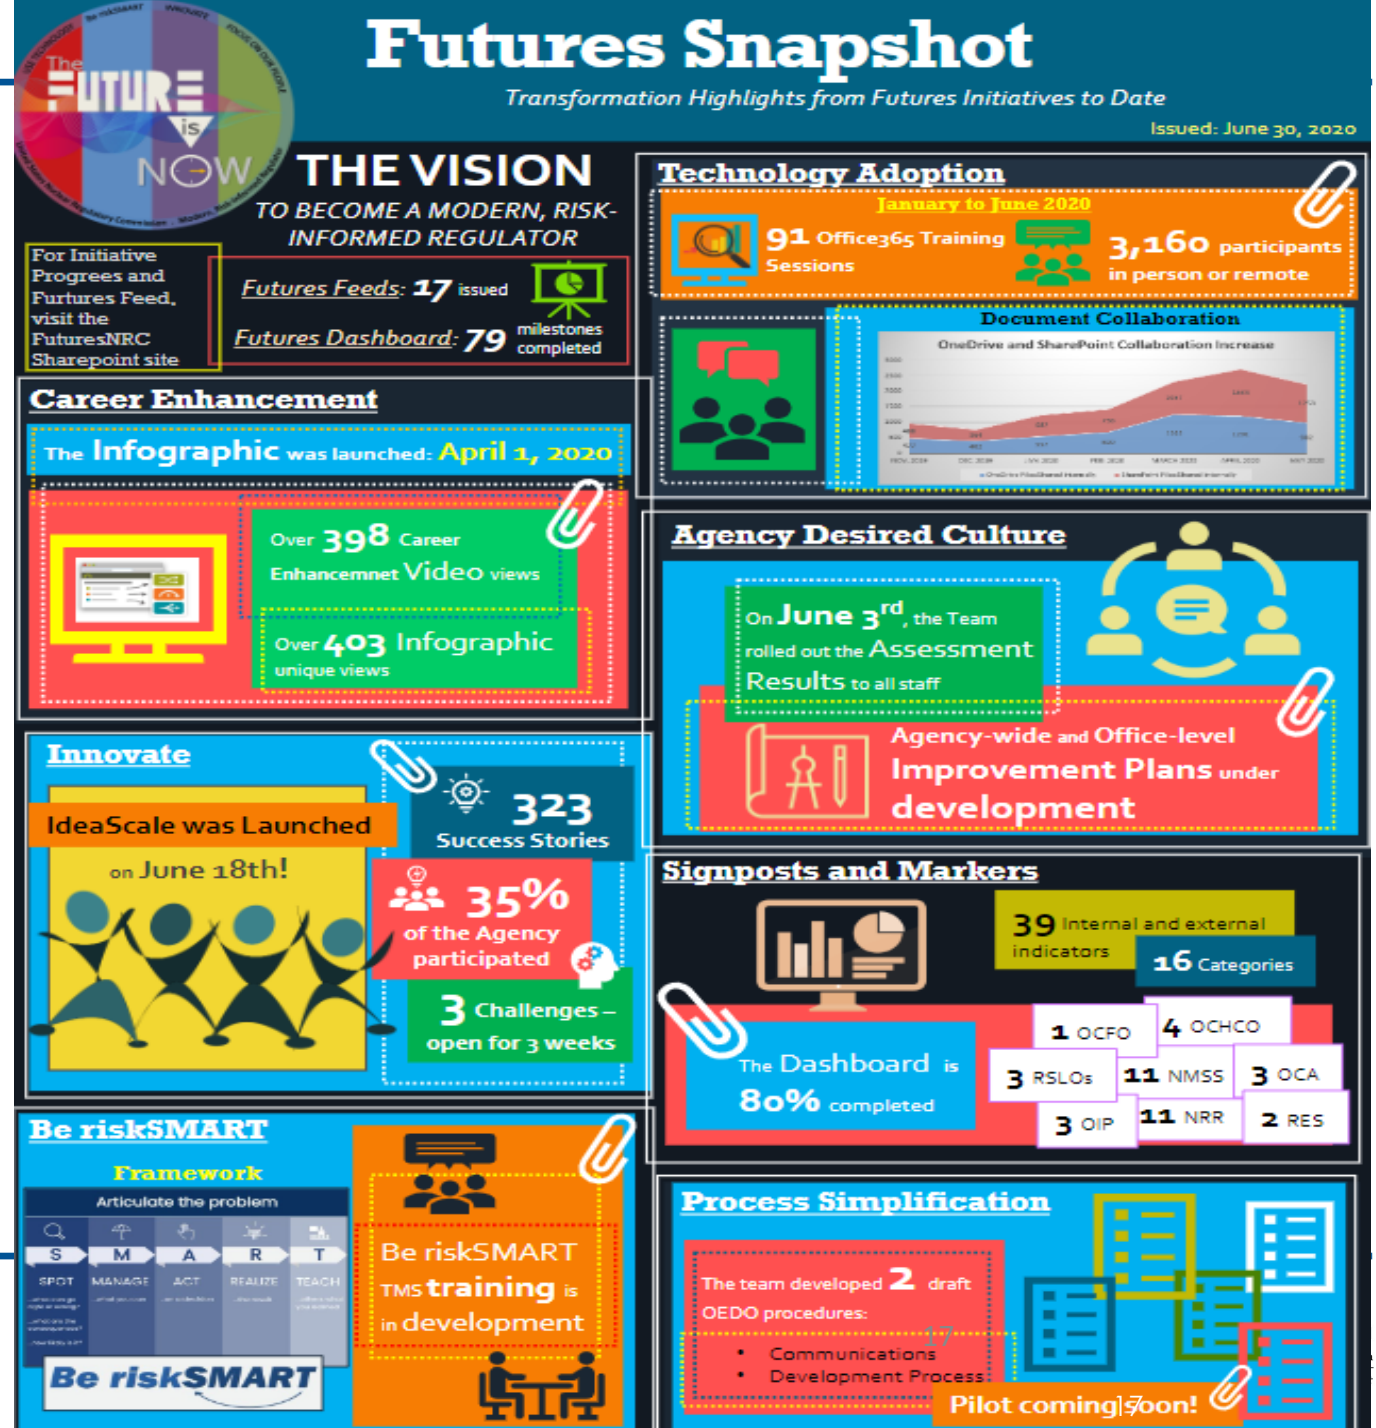

Designing and implementing a best-in-class program to help create a culture that supports an innovative mindset.

Determining which external factors will have the greatest effect on the agency's future mission portfolio and developing an approach to measure and track indicators to support strategic decision-making.

FUTURES SNAPSHOTS

*Transformation Highlights
from the Futures Initiatives to
Date*

Open Discussion

NRC's Goals, Objectives and Strategies

- What goals, objectives, or strategies within the NRC's current strategic plan should be added, enhanced, or modified in the FYs 2022-2026 Strategic Plan?
- What contributing activities should be considered to support the safety and security goals, objectives, strategies?

External Factors and Activities

- What external factors, opportunities and challenges should be considered during the development of the FYs 2022-2026 Strategic Plan?

Strategic Direction

- What do you believe is the highest priority question(s) (short- or long-term) for the NRC?
- What improvements can the NRC make in regard to evidence building (e.g., data, analysis, evaluations) to inform strategy, policymaking, program decisions, and regulations?

Overarching

- Do you have any specific recommendations or improvements to consider in the development of the FYs 2022-2026 Strategic Plan?

Concluding Remarks
