---

Mr. Langley,

We received your 10 CFR 2.206 petition submittal, "Demands for Information (DFI) from Southern California Edison (SCE) as licensee using the Hi-Storm UMAX System at San Onofre," dated October 13, 2020. I am the assigned NRC staff contact for this petition.

We have started the initial screening of your petition. We will contact you with the screening results, including whether the petition meets the review criteria under the 10 CFR 2.206 process, and if there is a need for immediate action.

Note that because the 10 CFR 2.206 petition process is a public process, the petition and all the information in it, including the petitioner's identity, will be made publicly available.

Please reach out if you have any questions.

Thank You,  
Tilda Liu
