SUBJECT: Material License No. 24-24576-01 – 5-Year Extension Request

Dear Mr. Kelly,

The NRC Material License No. 24-24576-01 issued to Olin Winchester, LLC (Amendment 30) has an expiration of October 31, 2021. The current license (Amendment 25) term date was issued in late October 2011, with a 10 year expiration date.

Per your email dated 12/8/2020, you stated that we may be eligible to request a one-time 5 year extension to the license expiration date. This letter serves as a formal request from Olin Winchester, LLC, for a one-time 5 year extension to the Material License 24-24576-01 expiration date.

If you have any questions or need additional information, please contact me by cell phone # 816-504-7535 or email address [rdthompson@olinlc.com](mailto:rdthompson@olinlc.com).

Thank you,

Rick Thompson

<< THIS EMAIL ORIGINATED FROM OUTSIDE OF OLIN >>

Mr. Thompson:

In October 1, 2017, the U.S. Nuclear Regulatory Commission began issuing Materials Licenses with a 15 year term.

Since your license was issued prior to that date with a 10 year term, you may be eligible to request a one-time 5 year extension to the license expiration date. To do so, please submit a formal request to extend your license expiration date by 5 years. Please submit the request on company letterhead bearing your signature and/or that of a management representative.

Mr. Kelly,  
I received the email and was successful in retrieving the license document. Thanks for your assistance.

One question. The expiration on the license is Oct. 31, 2021, what is needed to extend the expiration date?

Thanks,  
Rick
