SUBJECT: FMC CORPORATION, REQUEST FOR ADDITIONAL INFORMATION, MAIL
CONTROL NO. 622983

Dear Ms. Petrillo:

This is in reference to your letter dated September 2, 2020, regarding NRC License No. 37-35439-01. We reviewed the Decommissioning Funding Plan (DFP) dated August 20, 2020; Certification of Financial Assurance dated September 4, 2020; Irrevocable Standby Letter of Credit dated September 2, 2020; and revised Schedules A, B, and C of the Standby Trust Agreement dated August 20, 2020. In addition, we compared the DFP dated August 20, 2020, with the DFP dated October 17, 2017. To conduct our review, we used NUREG-1757, Vol. 3, Rev. 1, "Consolidated Decommissioning Guidance: Financial Assurance, Recordkeeping, and Timeliness", dated February 2012 (NUREG-1757, Vol. 3) (<https://www.nrc.gov/reading-rm/doc-collections/nuregs/staff/sr1757/v3/>).

In order to complete our review, we need the following information:

- (1) Please submit a revised Irrevocable Standby Letter of Credit reflecting the correct beneficiary address.

The Irrevocable Standby Letter of Credit beneficiary name and address should be:
U.S. Nuclear Regulatory Commission-Region I
2100 Renaissance Boulevard, Suite 100
King of Prussia, PA 19406-2713 U.S.A.

- (2) Please submit a revised Schedule C of the Standby Trust Agreement.

Schedule C includes the name of the Trustee (USBANK), however we also need the address and phone number of the Trustee.

Please submit these documents by February 12, 2021. If this date cannot be met by the Financial Institution (CitiBank, N.A.), please promptly let me know, in writing, when the Financial Institution can provide the revisions.

We will continue our review upon receipt of this information. Please reply to our attention at:

In order to continue prompt review of your application, we request that you submit your response to this letter by February 12, 2021.

An electronic version of the NRC's regulations is available on the NRC Web Site at: www.nrc.gov. Additional information regarding use of radioactive materials may be obtained on the NRC Web Site at: <http://www.nrc.gov/materials/miau/mat-toolkits.html>. This site also provides the link to the toolbox for updated information on the revised regulations for naturally occurring and accelerator-produced radioactive materials (NARM).

If you have any questions regarding this request for additional information, please contact Laurie Kauffman at 610-337-5323 or via electronic mail at Laurie.Kauffman@nrc.gov.

Thank you for your cooperation.

Sincerely,
