General Comment

I am opposed to the contents of nrc docket nrc 2020-0065 regarding the transfer of very low level waste. Please keep this waste under nrc control. Do not allow it to go to landfills, incinerators or recycling centers. Please withdraw this proposal in its entirety.

If it has to be considered please do so at a time when the public's attention is not focused on covid, elections, Supreme Court nominees and so forth. This is a huge issue and way to important to be handled the way it is being handled.
