We are submitting final Ohio rules to the NRC for your review to ensure that the rules are compatible with NRC regulations. The rules were amended in accordance with RATS ID number 2018-2. The draft rules was reviewed by the NRC, with no comments, on November 21, 2019 (see attached). The final Ohio rule can be found at <https://odh.ohio.gov/wps/portal/gov/odh/health-rules-laws-and-forms/laws-and-rules>

We believe that the Ohio rules satisfy the compatibility and health and safety categories established in the Federal and State Materials and Environmental Management Programs procedure SA-200.

If you have any questions, please feel free to contact me at 614-644-2732.
