General Comment

As a MI resident I am concerned about a less than thorough decommissioning process for Palisades.

My three major suggestions are:

1. NRC should hold a public hearing
2. NRC should require a Supplemental Environmental Impact Statement before the license transfer to HOLTEC International is granted
3. NRC should not grant any waivers or exemptions to HOLTEC that would allow use of Palisades Decommissioning Trust Fund for site restoration of spent nuclear fuel management.

Thank you.
